wuppo original soundtrack

If you're a fan of oldschool games like Super Metroid, Mega Man and Alien Soldier you'll definitely love this game. Fast paced action, various weapons, upgrades, skills and giant bosses are what makes this kind of games enjoyable.. This game is very fun and addicting can't wait to see what you add next!. 1. What is Aquanox 2?

Aquanox 2 is the sequel to the sci-fi-underwater shooter Aquanox 1.

2. Do I have to play the first game before I start with Aquanox 2?

No, because Aquanox 2 has its own storyline and you will play as a new main character.

You will meet some characters from the first game, but you won't miss much if you didn't play the first game.

3. Is it worth buying?

If you liked the first game or games like X-Wing vs Tie-Fighter or Wing Commander, you should give this one a try.

4. I played Aquanox 1, what is the difference between the first and the second game?

As I mentioned you will play a new main character. The new storyline is pretty good, more serious and not as cheesy as the first game. The graphics are not as colourful as the first game, but with better textures and its a little darker now with brown colours. The voice acting also improved a bit.

5. Can I still choose different ships and upgrade my weapons?

Yes there are not as many ships anymore in the game, but still enough to have a decent variety. The weapons from the first game return and are more easy to shoot (higher bullet velocity and shorter travel speed). You can still upgrade your ships and weapons. You can now sell your equipment or store it outside your ship.

6. What are the missions like?

You will be able to speak to your crew members often before or after the missions. You can prepare yourself and read the mission text before you start. The missions also vary between exploration, destruction, escape or protection. Often you will have some wingmen to help you out.

. I got two people killed within 11 minutes. I call that a success.. An interesting blend between wild west & high fantasy with an anime art style.

Pros:

- * Memorable music++
- * Great art+++
- * Good characterisation++
- * Likeable characters+++
- * Anime tropes that can bring you a smile++
- * Decent story with some great moments (intense, powerful or touching)+
- * Experiments with different types of narrative+

Cons:

- * Having more art wouldn't hurt (real shame since I really like the style), character portraits/talking heads are at a bare minimum & certain "developer favourite" images are reused a bit too often--
- * Sound effects are at a bare minimum & sometimes awful---
- * Each time it takes a 2nd launch of the game before I can get into fullscreen-
- * Sometimes narrative progresses at a snail's pace (but it can be either a pro or a con depending on preference, and it does make me appreciate those dramatic moments even more)-
- * Hate to say this but occasionally the story threatens to fall apart or gets too convenient or predictable--

Over all I'd say it's a 7/10 & looking forward to a sequel. (more art this time around pls!). Happy new year. Very nice!

Although quite short, this little marvel points to a future of interactive film experiences. I loved how I could talk to Gary the Gull and that his actions would in fact reflect the conversation!

. I thoroughly enjoyed this game.

The main narrative is genuinely intriguing and the agency the game gives you over your main character allows you to read/play the game with a main character that you will only rarely find somewhere else.

I was especially impressed, that a weakness i picked in the beginning kept being meaningful throughout the game.

Doesn't have auto save, and crashes all the time. Early Access Review]

Description

Warlocks vs Shadows is an action RPG/brawler game set in a fantasy world invaded by shadow monsters. Playing as an incredibly powerful Warlock and, by using magic skills and weapons, you fight through hordes of enemies. The game places great focus on co-op and versus play between players, where you can fight in 1-4 player DeathMatch or in teams of 1v1 or 2v2.

Review

It's different with Risk of Rain. This game has a faster pace while Risk of Rain is more tactical (and cruel). Currently, it's has short story, some annoying bugs, and some unbalanced characters but there is potential ofc.

Pros (+)

- # Beautiful art and animation
- # Ten characters with his/her own playstyle
- # Levelling System
- # Fast-paced gameplay
- # Online Coop and Local Versus
- # Cool boss battles

Cons (-)

- # Still buggy
 - # No Online versus mode
 - # Unbalanced characters (some are too OP and some are under-powered)
 - # Unbalanced level design
 - # Short?
 - # No difficulty. CS 1.6 is legendary game.
- Buy it.. funny games. <https://www.youtube.com/watch?v=hJt0GKWOU8k>

[Has potential, but in its current state still very early alpha. keep an eye on it. Great game for people who dislike combat but love solving puzzles. Beat the entire game in about 5 hours. so the price point is a bit high for that and I recommend buying it during one of the sales. Fun for a day off relaxing.. good game needs work and more players](#)
